---

CASSE,

Thank you to everyone who attended the teleconference on May 13, 2026. The meeting summary is provided below.

Join us in person for the CASSE General Meeting **tomorrow, June 4, 2026**, hosted by Sacramento Area Sewer District. Review the attached agenda and Outlook invite for details. Contact Amber Schalansky for more information. [sacsewercasse@sacsewer.com](mailto:sacsewercasse@sacsewer.com).

### **May Meeting Summary**

Provided are the following meeting materials and information:

#### **May 13, 2026, Agenda**

- **Teams Recording**
- **Electric Vehicles and Infrastructure (01:13-02:52)**
  - SacSewer provided updates on purchasing an electric CCTV truck.
  - SacSewer provided updates on General Motor's next generation electric truck.
- **Round Robin (02:52-26:26)**
  - 360 Camera Technology: Attending agencies shared which 360 camera(s) they use, its applications, the features they value, and the improvements they would like to see.
- **WDR Update (26:38-29:37)**
  - Attending agencies shared issues they have noticed with uploading data to CWIQS (California Integrated Water Quality System).
- **Recent Requests for Information (29:49-31:05)**
  - SacSewer requested feedback from agencies on the decision-making tools/methods used to evaluate alternatives and select project solutions.

- No updates at this meeting.
- **CASSE Officers Update (31:10-32:00)**
  - Discussed the call for nominations for the CASSE Vice Chair position.
- **Next General Meeting (32:05-34:28)**
  - Conference Agenda:
    - Legislative Priorities and Strategies – Strategic update from SacSewer on legislative developments and industry impact
    - South Placer MUD's FOG Control Program – How SPMUD manages fats, oils, and grease
    - City of Sacramento's Drone Program – How the City uses drone technology for operations
    - SacSewer's Sewer Flow and Rainfall Monitoring Program – Lessons, milestones, and benefits of building an in-house flow monitoring group
    - CASSE Website Update – Latest enhancements and features
    - WEFTEC Operations Challenge – Presentation on this industry-favorite event and plans
    - SacSewer's Wastewater Source Control Section – Presentation on tackling system pollutants and surcharges through collaboration
  - **Wrap up (34:47-47:22)**
    - SacSewer provided updates on the Geographical Information Systems Underground Safety Board Requirements (35:57-46:47)
    - Topics for Future Meetings:
      - Wastewater Needs Assessment – Update
      - Geographical Information Systems Underground Safety Board Requirements – Update
      - Utilizing 360 Camera Technology – Update
        - City of Fresno's Pilot Program
      - Age of Lined Pipe
      - Climate Resiliency Planning
      - Data Governance
      - Encroachment Permit Process – Update
      - SacSewer Update on Regulation and Registration Process for Chargers that Support Public Use – Update
